- Marine After Sales

As the world leader in design, production and servicing of marine steam boilers, economizers, thermal fluid systems, burners, heat exchangers and inert gas systems, Aalborg Industries offer expert After Sales Service to customers world-wide – around the clock – and for all brands and types of boilers, burners, heaters and safety/control systems.

Our world-wide presence and efficient networking between our companies mean that our customers are serviced locally from six experienced key account centres – and benefit from the accumulated expertise of our entire Group.

- Professional inspections and trouble-shooting.
- Problem analyses and damage reports.
- Boiler/burner repair, upgrading or replacement by qualified marine engineers and certified welders.
- Service, upgrading or replacement of oil/gas-fired burners and automation/control systems.
- Containerized steam boilers for rental.
- Large stock and rapid delivery of original (OEM) boiler spare parts, pipe sections, etc.
- Key account managers and experienced local agents in all major ports.
